PRES. BOARD OF CONSUL. ON  
FOREIGN INT.

MEMORANDUM FOR: Director of Central Reference

SUBJECT : Contribution to the Annual Report to the  
President's Foreign Intelligence Advisory  
Board

1. Attached herewith is my proposed text for OCR's contribution for the Annual Report to PFIAB, which the DDI requests in duplicate, double spaced.

2. While the outline submitted to us by Mr. Proctor called for the collection item E (2) [redacted] to be prepared by the O/DDI, I have talked with [redacted] who authorized us to prepare a draft for that section. I also pointed out to him that Graphics Intelligence was in the same category insofar as collection was concerned, and he has authorized us to prepare a contribution for it as well. I have therefore split up Section E (2) in the DDI outline into subparagraph (a) for [redacted] and subparagraph (b) for Graphics Intelligence. This seems to make more sense than to try to fudge that kind of material into the processing section F.

3. As in last year's report, Documents Division feels that it has nothing of significance to contribute. This year's report from Machine Division is also negative.

SUBJECT

: Annual Report to the President's Foreign  
Intelligence Advisory Board

1. In compliance with the request of the Acting DDI, in a memorandum dated 13 July 1966, subject as above, there is forwarded herewith the OCR contribution for the Annual Report to the President's Foreign Intelligence Advisory Board.

2. In accordance with a conversation with [redacted] OCR has prepared a contribution for Section E (2) [redacted] which it has designated as E (2) (a). As it is felt that the collection activities of the OCR Graphics Register closely parallel those of the Biographic Register, we have also prepared a Section E (2) (b) on Graphics Intelligence.
